

DIVYANSHI VERMA

Female, 23

EDUCATION			
Year	Degree	Institute	%
2025 - 2027	MBA	IIM Lucknow	-
2020 - 2025	BS-MS (Earth & Environmental Sciences)	IISER Bhopal	8.64/10
2019	Class XII - CBSE	Shri Ram Public School	90.00 %
2017	Class X - CBSE	Shri Ram Public School	10/10
ACADEMIC ACHIEVEMENTS			
Co-author on Machine Learning Paper		Environmental Modelling	European Geosciences Union
MS Thesis	- Predictive analytics of soil moisture, by an Auto-ML framework, achieving 90%+ accuracy Validated predictions against real-time dataset by 95%+, enhancing hazard management Assessed model reliability, by perturbing input, ensuring in output deviations below 15%		2025
Academic Exams	Achieved Top 3 (O/A/B+) grades in 31/63 core & elective courses in the BS-MS program		2020-25
	Secured a consistent Grade A (10/10 SPI) across both semesters of final year Master Thesis		2024-25
	Awarded certificate of merit for securing Grade A1 in Mathematics and Science in grade X		2016-17
Certifications	Successfully completed an online course on Financial Modeling on Excel through Udemy		2025
ACADEMIC PROJECTS			
Visual Analytics, 2024	Analyzed 180+ ERA5 datasets using MATLAB to visualize and confirm urban–rural inversion patterns - Enhancing urban planning through 80% accurate temperature-vegetation regression on 30+ datasets Mapped 3-year satellite data, revealing a 4°C rise in Bangalore temperature, providing climate insights		
Hydrology Risk Management, 2024	- Analysed 7 days of satellite data to classify 5 cloud type, informing risk assessment from extreme rain - Identified cloud-rainfall correlation, via 7-day time-series, revealing 60% high cloud during rainfall peaks Plotted heatmap from 4 km resolution data (28 timesteps) in Python, in identifying rainfall prone zones		
Resource Optimization, 2023	- Evaluated 2 product design, revealing 3x higher material use in one type to inform sustainable strategy - Executed life cycle assessment of 2 product type, using 6 parameters, identifying sustainability trade-off - Identified an 8x increase in global warming potential for one product type despite 90 %+ efficiency		
INTERNSHIP PROJECTS			
IIT Bombay, 2022	Impact metrics variable	Advanced Imaging and Analysis	LOR from Professor (IIT Bombay)
	- Executed size analysis of microfossils (31 samples) by microscopic imaging and image processing tool - Conducted statistical error analysis for 6 magnifications via excel identifying 200% with low deviation - Performed data visualization via Python & identifying variables impacting degradation of microfossils		
WeDoGood, 2021	- Developed a personality questionnaire, by designing it to align skills with task, collecting 20+ responses - Contributed to identifying volunteer task, interviewing 5 candidates improving project outcomes by 20% - Identified 30+ professionals for primary data collection; captured data via interviews using 12 quantifiers		
POSITIONS OF RESPONSIBILITY			
Research Contributor (IISER Bhopal), 2024-2025	- Managed independent research projects, and ensuring quality deliverable under faculty supervision - Led model evaluation and performance benchmark across 6 algorithms, achieving accuracy up to 99% Directed analysis over 50,000+ observations, errors less than 3.4%, finding optimal model selection - Initiated auto-correlation analysis to strengthen existing results in a research paper under journal review		
Volunteer, Workshop, 2025	- Assisted in managing participant registration and onboarding for 30-attendee workshop in river systems - Managed procurement of workshop materials and optimizing vendor coordination for timely delivery - Developed anchor scripts and introduction of 9 guest speakers and contributed to session flow planning		
EXTRACURRICULAR ACTIVITIES			
Model MUN	Appreciated for Best Position Paper Award at United Youth International MUN in UNEP		2022
Quizzing	Awarded Outstanding Participant in Climate Science Olympiad held across 149 countries		2021
	Secured 2 nd position in the quiz competition conducted at the school level in cyber category		2017
	Achieved 1 st rank in the Inter-House Hindi debate competition conducted at the school level		2015
