

EDUCATION				
Year		Degree	Institute	%/CGPA
2027		MBA	IIM Lucknow	-
2020		B.E. in Electronics Engineering	SPIT, Mumbai	7/10
2016		Maharashtra HSC Board	Nirmala Memorial College, Mumbai	73.23
2014		Maharashtra SSC Board	Poorna Prajna High School, Mumbai	82.66
ACADEMIC ACHIEVEMENTS & PROJECTS				
Certifications		- Completed 7 Coursera courses on topics Neural Networks and Deep Learning and JavaScript - Certified in Embedded C (Level 0 & Level 1) from SafeTTy Systems to build firmware skills - Completed IOT course on TI Microcontrollers using Node-RED, conducted by Microdevice		2020 2018 2018
Projects	Automated Warehouse Robot	Won 1 st place Project Comp. (80+ Teams)		Published Paper in International Journal
		- Achieved 45% faster sorting speed compared to manual work and improving throughput in low-budget - Integrated image processing for object detection with 99.7% accuracy and enabling error-free automation - Developed autonomous robotic arm using microcontrollers & reducing cost by 130% vs existing systems		
		- Developed C-based health system to monitor vitals, reducing medical issues response time by ~40% - Triggered real-time vitals transmission via microcontrollers, ensuring continuous health monitoring for miners - Enabling 24×7 tracking of 50+ miners health & safety by transmitting physiological data to cloud DB		
	Vitals Monitoring Jacket			
WORK EXPERIENCE				
Solution Delivery Analyst		Deloitte USI, Hyderabad		June '21 – Nov '23
Served 8 Fortune 500 clients across 6 industries, aligning security efforts with sector-specific needs				
Risk Mitigation		- Managed endpoint security for 13+ clients, mitigating threats and enhancing enterprise-wide cyber resilience - Carried out RCA on 7000+ security alerts to prevent data breaches, ensuring client data confidentiality - Resolved 80+ verified threat incidents, mitigating financial and reputational risk for global enterprise clients		
Process Optimization		- Curated digital knowledge repository with 20+ playbooks reducing resolution time by 30% for each ticket - Automated anomaly detection workflow to filter false positives, boosting true positive rate by 10% - Mitigated ransomware attack by isolating infected host, preventing lateral spread to ~2000 endpoints		
2x Winner: Spot Award (Top 300/ 1L+)		Curated 20+ playbooks for newer cases		Onboarded 5+ client environments
Knowledge Management		- Mentored 10+ new joiners through structured KT, accelerating readiness across 20+ consulting processes - Accelerated sol. delivery by 25%, addressed emerging risks by designing scalable threat detection playbooks - Collaborated with 4 Cross functional Teams to align threat response with SLAs and audit requirements		
Awards & Recognition		1/300 among 1 lac+ employees to win Spot award for on-time threat detection and mitigation on 5k+ devices - Earned Spot Award for real-time threat mitigation during USA's biggest event with 100Mn+ viewers		
POSITIONS OF RESPONSIBILTIES				
Student Member, FSAI, 2020		- Selected as member from 500+ to promote fire safety, impacting 2000+ students through awareness activities - Organized college poster competition to educate 200+ students & raise safety awareness & preventive actions - Formed and led on-ground team ensuring fire safety across major Ganpati Pandals with over 10L total footfall		
Head of Events, Tech Fest, 2018		- Spearheaded planning and execution of 14 technical events in 3 days to drive student engagement and visibility - Managed logistics and on-ground coordination to ensure smooth experience for over 2000 event participants - Led flagship event 'Robowar', raising ₹3L+ sponsorship & drawing 500+ live attendees, highest of the festival		
Cadet , NCC, 2013		Secured Bronze Medal in Shooting Competition among 600+ Cadets - Served in National Cadet Corps for 2 years; participated in annual training camps extending over 10 days - Organized District Science Exhibition in school, managing logistics for 50+ teams with over 1000 attendees		
EXTRACURRICULAR ACTIVITIES				
E-sports		Ranked Top 1% among 25Mn players in Valorant (Competitive First Person Shooter)		
Social Work		- Contributed to drives cleanups at Mumbai beaches and Mithi River removing over 400+ tones marine waste - Volunteered in weekly beach cleanups led by UN Champion Afroz Shah for 65+ hours over 1.5 years - Selected to teach 50 underprivileged students, taught Math's and Science for 130+ hours across weekends		
Event Organizing		- Organized 'Line Seguidor' bot race at Matrix Tech Fest with 30+ teams competing on autonomous design - Conducted 'LAN Gaming' esports tournament with 5+ popular competitive titles including CS and TFT2		
Rotaract Club		- Led campus blood donation drive (350+ donors), by spreading awareness about Thalassemia (Blood disorder) - Initiated winter drive, collecting 300+ garments from college students for dist. to homeless individuals
