Academic Research	Led a 3-member team to simulate solar inverter system in MATLAB; achieved 33% cost savings		2022
	Achieved 22% mean efficiency gain over traditional inverters through advance simulated design		2022
ISCEA Six Sigma '25	Achieved 58% red. in avg. TAT by implementing Lean methods using DMAIC; ↑ sigma level by 1.7		
Internship Sansui Elec. '21	Streamlined multi-stakeholder workflows via parallel approvals & SLA mapping, cut defect rate by 65%		
	Spearheaded adoption of individual replaceable designs, enabled \$45/unit savings & 70% reliability gain		
Engaged with 25+ local dealers, identifying pain points for 20 products across 5 key metrics (TAT, Support.)			
WORK EXPERIENCE			
System Engineer		Siemens, Pune	Jul '22 – Jun '25
Delivered 5 global rail projects in 4 countries		Star Performer for the Quarter (10/400+)	LOR from Head of Department
Operational Excellence	Designed 280+ train routes spanning ~540km (Singapore LTA), achieved Zero route conflict during simulation		
	Authored test protocols of 800+ trackside units, identified 240 logic issues, reduced rework cycles by 15%		
System Optimisation	Achieved faster test cycles by 20% via E2E coordination across 4 cross funct. team for system integration		
	Authored 8 safety documents, enabled risk mitigation for train collisions, reduced compilation error by 11%		
Business Development	Engineered singlehandedly 350+ wheel detector across 130 km, enabled train detection at 99.9% availability		
	Spearheaded E2E system testing across 150+ parameters per route, reduced command exec failure by 12%		
Business Development	Developed milestone tracker for 20+ workflows , surfaced early delay flags, reduced TAT by 13%		
	Coordinated with senior leadership to track 7 project, safeguarded continuity across 35 workflows		
Delivered train control logic in 8 months wiz. avg of 15 months		Awarded Star Points (₹25,000) for Quality Deliverables	
Capability Building	Designed Project onboarding guide , covered 350 queries with 200 project instances, slashed KT time by 25%		
	Trained 25+ engineers on configuration tool for rail logic test interface, reduced support requests by 15%		
Awards & Recognition	Nominated as India SPoC for Singapore Mass Transit Project to design and test train movement logic		
	Achieved 4/5 CSAT for quality and on-time delivery on the Singapore Mass Transit Project (JRL)		
POSITIONS OF RESPONSIBILITY			
Hosted 10k+ students across all events		Managed 35L+ budget across all events	Collaborated with 20+ college clubs
Member, SPARSH, 2022	Managed ₹25L budget with a 10-member team achieving a footfall of 2k+ in SPARSH 22 flagship event		
	Researched and interacted with 50+ local businesses, leading to a 15% increase in sponsorship revenue		
Core Member, EES, 2022	Led live electrical machines workshops for 120+ students, equipping them with industry-applicable skills		
	Conducted structured interviews for EES Committee, screening 100+ candidates for 15 key roles		
Member, Mindbend, 2020	Organized 3 fests of EES (Orientation, Quizyapa & Dextrix) over the year with the footfall of 200+ people		
	Initiated the First ever Moto Expo showcasing Custom- Built Motorcycles at MindBend Techfest 2020		
Designed and executed Digital as well On-Ground Marketing campaigns attracting 1k+ attendees			
EXTRACURRICULAR ACTIVITIES			
Semi-finalist in Siemens Cricket League		Led 120+ students as House Captain	Winner of 4 Maths Intersectional Quiz
Sports	Secured Top 5 position among 15 teams in Men’s Doubles Badminton at Siemens Sports Meet		2024
	Secured 2nd place in 400m sprint race (20 participants) during Annual School Athletics Meet		2014
Social Impact	Contributed to Vapi Station cleanliness drive with 100+ students under Swachh Bharat initiative		2014
	Actively planted 50+ native saplings during GIDC plantation drive under WWF initiative		2014
	Fundraised ₹8,000 to aid cancer awareness campaigns led by Caring Soul Foundation		2013
