ACADEMIC ACHIEVEMENTS				
Academics		▪ Secured offer from Deloitte USI & Infosys ; Achieved top-3 grades in 43/51 UG subjects		2020
Projects		▪ Estimated 30% fossil fuel reduction in 10 villages through hybrid energy feasibility study		2020
		▪ Prototyped piezo bump to harvest vehicle motion; projected 1 kWh/day for smart lighting		2019
Certifications		SAP	Certified in Integration suite, Build & Process Automation, Generative AI	2025
		CTTC - MSME		Certified in AutoCAD, ANSYS & CATIA, proficient in modelling tools
Internships	NTPC	▪ Identified 2% aux. power loss by analysing turbine and coal flow at 3000+ MW thermal plant ▪ Proposed O&M tweaks to enhance heat rate by 0.5%, lowering fuel costs by ₹15L annually		2018
	NALCO	▪ Identified 3% excess energy use during anode effects via mapping voltage spikes in Potlines ▪ Suggested alumina dosing and timing changes; improved cell efficiency, saving ₹10L/year		2019
WORK EXPERIENCE				
Consultant		Deloitte USI, Bangalore		Oct '21 – Jun '25
SPOC for partner firm engagement		Integration consultant for \$293B clients	Saved \$200K+ by ops. automation	
Operational Impact		▪ Cut reconciliation workload by 80%, saving 200+ man-hours/month & \$100K annually in finance ops ▪ Shortened month-end close by 2 days , unlocking \$500K/year via improved working capital efficiency ▪ Mechanized freight order creation, saving 4 hrs/shipment and \$250K/year in logistics processing costs		
Process Optimization		▪ Reduced order errors by 90% and boosted delivery SLA by 35% through full-cycle order modularization ▪ Cut PO cycle delays by 60% improving supply lead time by 40% through mapping approval workflows		
Stakeholder Management		▪ Streamlined SAP Cloud integrations for 6 global clients ; aligned 10+ IT, HR and compliance teams ▪ Drove 50% improvement in plant-warehouse coordination through process automation with ops leads ▪ Coordinated across business, tech & vendor teams to redesign pharma supply chain ; cut TAT by 40%		
Top 3% Performer out of 200+		Generated revenue of \$1 Million+	LOR by Senior Manager	
Firm Initiatives		▪ Reduced issue resolution time by 60% via self-operating error-handling framework with real-time alerts ▪ Enabled faster SAP rollouts by mentoring 30+ analysts , boosting 100% certification and deployment ▪ Reduced script build time by 40% by developing centralized asset repository for horizontal deployability
