Year		Degree	Institute	CGPA/%
2025-27		MBA	IIM Lucknow	-
2023-25		MBA in Manufacturing Management	BITS Pilani - Online	9.09/10
2016-20		B.Tech in Mechanical Engineering	MNIT Jaipur	8.12/10
2014-15		Class XII - Rajasthan Board	Keshav Adarsh V.M. Sr. Sec. School	93.00
2012-13		Class X - Rajasthan Board	Keshav Adarsh V.M. Sr. Sec. School	84.17
ACADEMIC ACHIEVEMENTS				
99.01%ile/11L+, JEE Main 2016		₹4L INSPIRE Scholarship by GOP'15	Top Scorer in 12th– 25-Year School	Record
Academic Projects	Scholastic Accolades	▪ Selected among top 10% of ~300 candidates for company-sponsored MBA at AMNS India ▪ Achieved top 3 letter grades in 49 of 69 B.Tech subjects; top 2 letter grades in 24 subjects		2023 2020
	Process Design	▪ Optimized settling tank process operations by reducing pump cycling frequency by 40% ▪ Eliminated 60% particle buildup , removing overflow risks ensuring operations continuity		2025
	Predictive Modelling	▪ Proposed simulation-based design changes, projecting potential 55% reduction in mixing length ▪ Demonstrated 80% faster mixing, potential benefit for healthcare & biotech applications		2020
	Product Design	▪ Innovated shelf design using 20+ customer reviews to reduce clutter & improve usability ▪ Transformed user inputs into a functional 3D shelf model through product innovation process		2019
WORK EXPERIENCE				
Deputy Manager		ArcelorMittal Nippon Steel India		Oct '20 – May '25
Generated ₹5.5 Cr+ Cost Savings		Won 2 Hall of Fame, 1 Star & 6 Applause Awards		15+ Projects Executed
Ops & Leadership		▪ Prevented ₹9+ Cr production loss by averting 4-hour plant shutdown through plant crisis management ▪ Managed 25+ member operations team, ensuring zero user-impact issues vs. 2 critical failures annually ▪ Organized 140+ hrs/year of technical, safety, and behavioural training , strengthening team capabilities		
Process Excellence		▪ Generated ₹21.8L/year savings by identifying & mitigating shutdown cost drivers via Nitrogen control ▪ Enabled faster maintenance & improved uptime; reducing isolation time by 75% via product redesign ▪ Generated ₹24.5L+/year savings by aligning motor speed with cooling demand, improving energy efficiency ▪ Executed sump restoration project, recovered 8% capacity , boosting reliability, efficiency, & service quality		
Sustainability		▪ Curtailed water usage by 18% through process water recycling & recovery across utility operations 166% cooler performance gain Sustainability: 50% less energy Reliability increased by 19% ▪ Drove sustainability impact by optimizing energy usage patterns, unlocking ₹25.2L/year in cost reduction		
Automation & Optimization		▪ Upgraded cooling tower efficiency by optimizing water distribution , resulting in a 10% thermal gain ▪ Compressed Air stability improved by 83% through system automation & flow control, reducing losses ▪ Re-engineered chemical handling, enabling 80% manpower reduction ; boosting safety via mechanization		
POSITIONS OF RESPONSIBILITY				
5S Zone Leader, AMNS India'25		▪ Led 100% 5S rollout in utility area with 17+ member team , enhancing process clarity and task discipline ▪ Drove operational consistency and visual control through structured daily reviews and floor alignment
